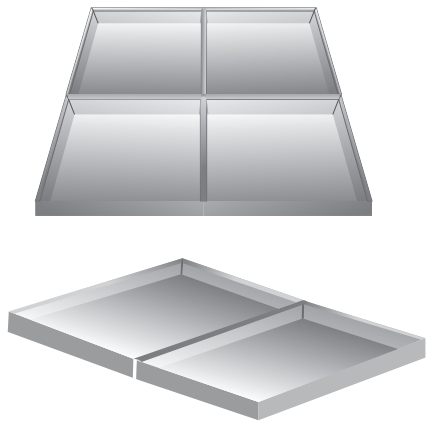
Industrial Spill Containment

Assembly Containment Systems

The Assembly Drip Pan is an innovation that assists in both coverage as well as cost. When a drip pan requirement includes a surface area that extends over the 48" x 48" footprint additional costs can be incurred by the customer.



SKU	SIZE	MATERIAL
118604	61 x 36 x 1.5	Galvanized
128847	60 x 40 x 4	Galvanized

Round Drip Pans

Round Drip Pans are a great option for areas that have space restrictions. They can be used for many different applications around the home, shop or industrial setting. A few examples to mention would be for your Water Heaters, Ceramic and Gas Grills, Stoves, Automotive oil catch pans as well as others. The round pan Killarney Metals offers is a 24" Round Drip Pan which we feel is a perfect size for many containment applications. This standard duty 18 gauge Galvanized round drip pan has been built with the same integrity as all of our other Killarney pans. It also comes with our No Leak Guarantee just like the rest of our pans. Give us a call or place your Round Drip Pan order online today!

SKU	SIZE	MATERIAL
134858	24 in	Galvanized

Vacuum Pump Containment Pans

Drip trays and pans for almost any vacuum pump application. We can manufacture a custom vacuum pump drip pan for your custom requirement or choose from a size of drip trays below to assist with containment on your vacuum pump.

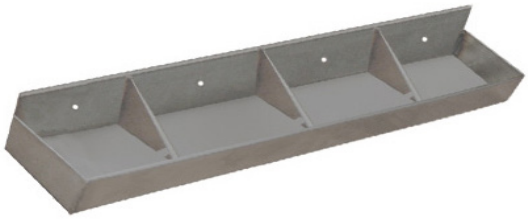
117166	44 x 36 x 1	Galvanized

Wall Mount Drip Pans



This Wall Mount Drip Pan is specifically designed to catch dripping or leaking hoses in your industrial setting or for your maintenance application. Killarney Metals wants to help keep your facility, shop and place of business safe and secure from any messy leaks. Our Wall Mount Drip Pans can do just that!

SKU	SIZE	MATERIAL	TYPE
137665	24 x 6 x 4	Cold Rolled Steel	Small Hose Reel Pan
137666	30 x 8 x 4	Cold Rolled Steel	Medium Hose Reel Pan
137668	76 x 12 x 4	Cold Rolled Steel	Large Hose Reel Drip Pan

"The drip pans are doing great, even with a few dents, bumps and 'man handling' they are still holding up." -----

Joe,
H and A Transmissions, Inc.

Water Heater Pans

Equipment failure of hotwater heaters is one of the most common causes of water damage in a home. Protect your investment against this type of damage by installing drip or drain pans under your hotwater heater. Whether it is a large or a small water heater, we have a drip pan or adrain pan to suit your needs.

SKU	SIZE	MATERIAL
129857	36 x 36 x 4	Galvanized
132316	24 x 24 x 4	Galvanized
145215	32.75 x 24.5 x 4	Galvanized

Sloped Drain Pans

These unique pans have been created to allow you to direct and drain fluids faster and easier than ever. The Sloped and Slanted style drain pans provide quick and full drainage to the desired hole location in a fraction of the time.

SKU	SIZE	MATERIAL	TYPE
148706	48 x 48	Galvanized	Slanted Drain Pan with Casters and Handle
